2024 WTO ADVANCED TRADE POLICY COURSE (in English)* 29 January – 22 March 2024

Invitation to present candidates

The Institute for Training and Technical Cooperation is organizing a WTO Advanced Trade Policy Course (ATPC) in 2024, in English, from 29 January to 22 March 2024 in Geneva, Switzerland. The ATPC is a "Level 3" training activity implemented within the WTO progressive learning framework and it represents the highest level of learning among WTO training activities. ¹

The purpose of the ATPC is to develop participants' autonomy in conducting WTO-related work by: (i) encouraging critical thinking to explore the linkages between WTO rules and disciplines and countries' trade policies and interests in the multilateral trading system; and (ii) enhancing analytical and negotiating skills to engage in trade policy formulation and implementation, monitoring and surveillance, WTO negotiations or dispute settlement. Both legal and economic aspects of WTO rules and disciplines will be examined in a series of interactive sessions focussing on case studies, simulations, and exercises, including hands-on use of WTO databases and analytical tools available online. Roundtable discussions will provide a platform for practical exchanges, sharing of experiences and best practices as well as debating present-day trade topics.

The course is targeted at government officials who are directly involved in WTO-related work and who already possess a sound knowledge of the general features of the WTO system and the WTO Agreements. Due to the applied nature of the ATPC, participants are expected to be actively involved throughout the course to further consolidate their knowledge and develop new skills through practice and case-based learning.

The Members and Observers to the WTO, which are eligible to benefit from training and technical cooperation activities, are invited to present candidates to participate in this course. Eligible candidates should have completed a "Level 2" Generalist path WTO training activity² or, in exceptional circumstances, when they have not completed a Level 2 activity, have demonstrably commensurate knowledge or professional experience. They must also possess an excellent ability to communicate in English both orally and in writing.

The Secretariat of the WTO makes available thirty (30) fellowships for this activity. Each fellowship covers the following: a round trip airplane ticket in economy class; daily subsistence allowance; a terminal expenses allowance; and accommodation for the duration of the course.

..... The attached Application Form must be returned, completed and signed by the candidate as well as by the nominating national authority which presents the candidate, **via the Permanent Mission/Embassy to the WTO, at the latest by 27th October 2023**. Selected participants will receive confirmation directly. Additional administrative information, travel details and ticket will be sent shortly after the selection has taken place.

The WTO Secretariat reserves the right to postpone or cancel this activity in the event of force majeure, if sufficient funding cannot be secured in time, or for any other reason that renders the execution of the activity impracticable for the organizers.
