

## Information Session on Research Infrastructures in the Danube macro-region

Podgorica, Hotel Hilton

April 17, 2019

**10:00 – 10:05:** Welcome

**10:05 – 10:15:** Tour de table, introduction of participants

**10:15 – 10:45:** Presentation of Achievements of ResInfra@DR including Q&A (Felix Gajdusek, ZSI)

- Dialogues and guidelines, recommendations (specific focus in partner countries)
- Trainings and materials
- Reviewer data collection
- Pilot actions
- Networked key actors and stakeholders, overview on European developments and projects

**10:45 – 11:00:** Current country challenges with regard to RI developments  
(Darko Petrusic, Director General of the Ministry of Science)

- General planning of investments;
- appropriate administration of funding and synergies of funding of different programmes;
- international cooperation in networked RIs;
- specific wished to cooperate with selected initiatives;
- specific management needs of RIs.

**11:00 – 11:15:** Ideas how to deal with RI in the future in the Danube macro-region (Felix Gajdusek, ZSI)

- DR-macro regional exchange of needs and offers;
- Specific topics where coordination would be beneficial (scientific field, EU developments and processes - mainly horizontal topics concerning management and cooperation and research field specific topics);
- Suggestions for trainings and capacity building events.

**11:15 – 12:00:** Discussion covering the following questions (moderation: Felix Gajdusek, ZSI):

- What should be covered by a macro regional action plan with a focus on RI?
- Which important actions should be considered for the Working group on RI in the Priority Area 7?
- Who should be involved in upcoming RI related activities?
- Who should attend the Pilot action event/the final exchange event, whom should we invite (cost coverage partially possible)?

**12:00 – 13:00:** Joint light lunch
