- ii) EVALUATION OF OFFERS: Bids that are found to correspond to a significant extent to the technical specifications will be evaluated by comparing their prices.

When evaluating offers, the Buyer will determine for each proposal an estimated price that changes the price from the offer by correcting any of the following arithmetic errors:

- a) in cases where there is a discrepancy between figures expressed in numbers and letters, the amount expressed in letters will be taken into account;
- b) in cases where there is a discrepancy between the price per piece and the total amount of that order resulting from multiplying the price per piece by the quantity, the stated price per piece will be taken into account;
- c) the Supplier does not accept such correction, his offer will be rejected.

In addition to the offered price, the estimated price must include all customs, import or other duties and fees that apply to goods imported into Montenegro, and

Also, the amounts stated in the offers must be expressed in EUR, in each offer the offeror is obliged to clearly indicate whether value added tax (VAT) is included in the price and the amount and percentage of VAT.

The percentage of VAT should be specified for the country of the Supplier.

iii) AWARD OF ORDER: The order will be awarded to the bidder who offers the lowest estimated price and who meets the required standards of technical and financial ability. The selected bidder will sign the Contract with the Buyer. The contract must be signed by both parties and sealed and must contain provisions for:

- Date of signing,
- accurate information about the name of the buyer and supplier,
- the name of the investment,
- the total price of the investment expressed in numbers and words, excluding VAT
- deadline for completion and/or delivery of the investment,
- warranty term and conditions.

iv) VALIDITY OF THE OFFER: Your offer(s) must be valid for at least forty-five (45) days from the date marked as the deadline for receipt of offers.
