

Informacija o polaznim osnovama za zaključivanje Ugovora o kreditu sa Evropskom bankom za obnovu i razvoj (EBRD) za potrebe finansiranja Projekta unapređenja energetske efikasnosti u objektima obrazovanja u Crnoj Gori

Na osnovu uspostavljene saradnje sa Evropskom bankom za obnovu i razvoj (EBRD) i u skladu sa godišnjim Zakonom o budžetu za 2024. godinu, Ministarstvo prosvjete, nauke i inovacija obratilo se Ministarstvu finansija sa zahtjevom za iniciranje pregovora sa EBRD bankom u cilju potpisivanja Ugovora o kreditu za finansiranje Projekta unapređenja energetske efikasnosti u objektima obrazovanja u Crnoj Gori.

Naime, Ministarstvo prosvjete, nauke i inovacija u saradnji sa Evropskom bankom za obnovu i razvoj (EBRD) planira realizaciju projekta koji se odnosi na energetska unapređenje 24 odabrana obrazovna objekta u Crnoj Gori.

Projektom su obuhvaćeni objekti sva tri klimatska regiona (južni, centralni i sjeverni) i to 12 objekata na jugu, 9 objekata centralnog regiona i 3 objekta na sjeveru.

Takođe, odabrani obrazovni objekti su raspoređeni u deset gradova u Crnoj Gori. Ove zgrade služe različitim nivoima obrazovanja, uključujući osnovno obrazovanje (18 zgrada), srednje (2 zgrade), predškolsko (2 zgrade) i visoko (1 zgrada), i obuhvataju ukupnu površinu od 93.220m².

Za pomenute objekte sačinjeni su i izvještaji o energetske reviziji predmetnih objekata (*Energy Audit Reports in Educational Buildings in Montenegro*) i studija izvodljivosti (*Feasibility Study Education Energy Efficiency Project – Montenegro*) od strane EBRD Banke, u kojima je dat pregled trenutnog stanja zgrada, prikazana ukupna potrošnja energije, kao i predložene mjere za poboljšanje energetske efikasnosti u ovim zgradama, sa ciljem smanjenja potrošnje energije, emisije CO₂, poboljšanja operativnih troškova i uštede energije, kao i poboljšanja nivoa komfora i strukturne sigurnosti zgrada.

Predložene mjere energetske efikasnosti odnose se na omotač zgrade (tj. zidove, krovove, otvore), postojeći sistem grijanja, trenutni sistem osvjetljenja, implementaciju sistema obnovljivih izvora energije, tehnologije pametnih zgrada, kao i sisteme za praćenje svake revidirane zgrade.

Takođe, za svaku obrazovnu ustanovu predložena je i instalacija sistema za upravljanje zgradama i mjere uštede vode.

Projektom su obuhvaćene i ne-EE mjere koje se odnose na: uvođenje rampi za pristupačnost, mjere bezbjednosti koje se odnose na potpunu obnovu električnog sistema, poboljšanje protivpožarnog sistema i zamjenu azbestnog zida, kao i jačanje strukture tj. rješavanje manjih strukturnih problema kao dio mjera energetske efikasnosti, i poboljšanje kritičnih građevinskih elemenata.

Ukupna procijenjena vrijednost ovog projekta iznosi 24 miliona eura. Od tog iznosa, 20 miliona eura planirano je da bude obezbijeđeno putem kreditnog aranžmana sa Evropskom bankom za obnovu i razvoj (EBRD), dok će preostalih 4 miliona eura biti osigurano putem investicionog granta iz Regionalnog programa energetske efikasnosti (REEP), koji finansira Evropska unija. Pored toga, EBRD je osigurao i sredstva za tehničku pomoć projektu u iznosu od približno 0,17 miliona eura.

Shodno navedenom, Ministarstvo finansija je započelo komunikaciju sa Evropskom bankom za obnovu i razvoj (EBRD) u cilju obezbeđivanja finansijskih sredstava za realizaciju predmetnog Projekta koje je od velikog značaja za ustanove u oblasti obrazovanja. Kao početni korak, razmijenjeni su nacrti sporazuma između Ministarstva i EBRD-a, koji predstavljaju osnovu za dalju razradu uslova finansiranja. Prema predloženom nacrtu, finansiranje će biti realizovano u skladu sa standardnim uslovima koje propisuje EBRD.

Na osnovu dosadašnjih, preliminaranih, razgovora sa EBRD bankom, planiran je zajam do 20 miliona EUR, sa rokom otplate od 15 godina, uključujući 3 godine grejs perioda. Kamata bi bila varijabilna, vezana za šestomjesečni EURIBOR uvećan za marginu od 1%. Dodatni uslovi uključuju naknadu za obradu kredita od 1% i naknadu na nepovućena sredstva od 0,5% godišnje, što je u skladu sa EBRD-ovim Standardnim uslovima zaduživanja.

U narednoj fazi, Ministarstvo finansija će se fokusirati na pregovore sa predstavnicima EBRD-a kako bi se postiglo konačno usaglašavanje teksta Ugovora o kreditu. Cilj je da se dogovore uslovi koji će biti prihvatljivi za obje strane i omogućiti uspješnu realizaciju Projekta.

Nakon što konačna verzija ugovora bude usaglašena, Ministarstvo finansija će informisati Vladu Crne Gore o uslovima i odredbama ugovora, i dostaviti ga na razmatranje i usvajanje.

Napominjemo, pravni osnov za zaključivanje predmetnog kreditnog aranžmana predstavlja Zakon o Budžetu Crne Gore za 2024. godinu (Službeni list Crne Gore, broj 124/2023 od 31.12.2023.) kao i Odluka o zaduživanju Crne Gore (Službeni list Crne Gore, broj 124/2023 od 31.12.2023.), gdje je navedeno da se Država, za finansiranje projekata, između ostalog, može zadužiti, kroz kreditni aranžman sa Evropskom bankom za obnovu i razvoj (EBRD), za potrebe finansiranja Projekta unapređenja energetske efikasnosti u objektima obrazovanja u Crnoj Gori, u iznosu do 20 miliona eura.
