

Munich, September 2019

Dear Sir or Madam,

The PRIX JEUNESSE Foundation promotes quality in children's and youth television worldwide. The bi-annual festival PRIX JEUNESSE INTERNATIONAL awards the best children's and youth TV programmes and offers a platform for producers and broadcasters to discuss and discover international programmes. **The theme of PRIX JEUNESSE 2020 is "Listen to kids TV. The Power of Sound".**

Besides, the PRIX JEUNESSE Foundation organizes for the fourth time a creative **Art Contest on the festival's theme**. Children and young people are invited to participate and to draw a picture of a moment when listening to music in film and TV affected them.

The best paintings will be presented at the festival PRIX JEUNESSE INTERNATIONAL. During the exhibition the first name of your child as well as its age and home country will be mentioned next to the picture. An international jury decides on the 12 winner pictures which will be printed as a brochure. The three best pictures will be rewarded with a trophy. We are looking forward to the participation of your daughter/son and highly appreciate your support.

With best regards,

Kirsten Schneid
Coordinator
