

EUROPEAN COMMISSION
DIRECTORATE-GENERAL FOR HEALTH AND FOOD SAFETY

Crisis Preparedness in Food, Animals and Plants
Plant Health

List of demarcated areas established in the Union territory for the presence of *Xylella fastidiosa*

UPDATE 23 (10 November 2025)

Please note: the European Commission does not assume any liability resulting from its content. For complete information about the extension of the demarcated areas in the respective Member States, please refer to the website of the Competent Authorities concerned at national level.

TABLE OF CONTENTS

1.	Introduction	3
2.	Overview map of the demarcated areas in the EU	3
Annex A	Municipalities located in France, whose territory partially or entirely falls within an area demarcated for eradication established for the presence of <i>X. fastidiosa</i> subsp. <i>multiplex</i>	4
Annex B	Municipalities located in Italy, whose territory partially or entirely falls within an area demarcated for eradication for the presence of <i>X. fastidiosa</i> subsp. <i>Multiplex</i>	9
Annex C	Municipalities located in Italy, whose territory partially or entirely falls within an area demarcated for eradication established for the presence of <i>X. fastidiosa</i> subsp. <i>Pauca</i>	11
Annex D	Municipalities located in Italy, whose territory partially or entirely falls within an area demarcated for eradication established for the presence of <i>X. fastidiosa</i> subsp. <i>Fastidiosa</i>	12
Annex E	Parishes located in Portugal, whose territory partially or entirely falls within an area demarcated for eradication established for the presence of <i>X. fastidiosa</i> subsp. <i>multiplex</i> and subsp. <i>fastidiosa</i>	13
Annex F	Parishes located in Portugal, whose territory partially or entirely falls within an area demarcated for eradication established for the presence of <i>X. fastidiosa</i> subsp. <i>fastidiosa</i>	14
Annex G	Parishes located in Portugal, whose territory partially or entirely falls within an area demarcated for eradication established for the presence of <i>X. fastidiosa</i> subsp. <i>multiplex</i>	17
Annex H	Parishes located in Portugal, whose territory partially or entirely falls within an area demarcated for eradication established for the presence of <i>X. fastidiosa</i>	18
Annex I	Municipalities located in Spain, whose territory partially or entirely falls within an area demarcated for eradication established for the presence of <i>X. fastidiosa</i> subsp. <i>multiplex</i>	19
Annex J	Municipalities located in Spain, whose territory partially or entirely falls within an area demarcated for eradication established for the presence of <i>X. fastidiosa</i> subsp. <i>Fastidiosa</i>	23

1. INTRODUCTION

This report refers to the current demarcated areas for eradication or containment of *Xylella fastidiosa* in the EU. A map depicts all demarcated areas where *Xylella fastidiosa* was detected by the date of issuance of this report. Furthermore, while areas demarcated for eradication are listed in the Annexes of this report, areas demarcated for containment are listed in Annex III of Regulation (EU) 2020/1201 ⁽¹⁾.

Further information can be found at the national websites of France, Italy, Spain and Portugal.

2. OVERVIEW MAP OF THE DEMARCATED AREAS IN THE EU

⁽¹⁾ COMMISSION IMPLEMENTING REGULATION (EU) 2020/1201 of 14 August 2020 as regards measures to prevent the introduction into and the spread within the Union of *Xylella fastidiosa* (Wells et al.) (OJ L 269 17.8.2020, p. 2)
