CONTRACT SPECIFICATION

6. Nature of contract

Global price

7. Contract description

The purpose of the contract is to collect and process data on trunk and regional roads in Montenegro, in the length of 1783 km, in order to create a computerized management system – Road Data Base of the national road network. It will support the Directorate for Transport in establishing an effective information system that secures an optimal management, maintenance and development of the national roads in Montenegro. Data must be relevant for the quantification of the basic characteristics and status indicators on the state roads, such as permitted axle load, surface material, road curvature, speed limits, road width, tunnels and bridges, road furniture, traffic signs, manholes, ditches etc. The following main tasks will be performed:

- Inventory survey and condition report of state roads and entry of the correct data with the right quality into database.
- Design of Road Data Base (RDB) and Pavement Maintenance and Management System (PMMS);
- Provision of all software for implementing the RDB and PMMS;
- Training of staff within Directorate for Transport to ensure continued locally self-sustainable operation of the RDB;

8. Number and titles of lots

One lot only

9. Maximum budget

10. Scope for additional services

The Contracting Authority may, at its own discretion, extend the project in duration and/or scope subject to the availability of funding up to the estimated amount of approximately to a maximum not exceeding the length and value of the initial contract. Any extension of the contract would be subject to satisfactory performance by the Contractor.

CONDITIONS OF PARTICIPATION

11. Eligibility

Participation is open to all natural persons who are nationals of and legal persons (participating either individually or in a grouping – consortium - of tenderers) which are effectively established in a Member State of the European Union or in a eligible country or territory as defined under the Regulation (EU) N°236/2014 establishing common rules and procedures for the implementation of the Union's instruments for external action (CIR) for the applicable Instrument under which the contract is financed (see also heading 29 below) . Participation is also open to international organisations.

12. Candidature

All eligible natural and legal persons (as per item 11 above) or groupings of such persons (consortia) may apply.

A consortium may be a permanent, legally-established grouping or a grouping which has been constituted informally for a specific tender procedure. All members of a consortium (i.e., the leader and all other members) are jointly and severally liable to the Contracting Authority.

The participation of an ineligible natural or legal person (as per item 11) will result in the automatic exclusion of that person. In particular, if that ineligible person belongs to a consortium, the whole consortium will be excluded.

13. Number of applications

No more than one application can be submitted by a natural or legal person whatever the form of participation (as an individual legal entity or as leader or member of a consortium submitting an application). In the event that a natural or legal person submits more than one application, all applications in which that person has participated will be excluded.

14. Shortlist alliances prohibited

Any tenders received from tenderers comprising firms other than those mentioned in the short-listed application forms will be excluded from this restricted tender procedure unless prior approval from the Contracting Authority has been obtained (see Practical Guide – PRAG- 2.4.3.). Short-listed candidates may not form alliances or subcontract to each other for the contract in question.

15. Grounds for exclusion

As part of the application form, candidates must submit a signed declaration, included in the standard application form, to the effect that they are not in any of the exclusion situations listed in Section 2.3.3 of the PRAG.

16. Sub-contracting

Subcontracting is allowed.

17. Number of candidates to be short-listed

On the basis of the applications received, between 4 and 8 candidates will be invited to submit detailed tenders for this contract. If the number of eligible candidates meeting the selection criteria is less than the minimum of 4, the Contracting Authority may invite the candidates who satisfy the

criteria to submit a tender.

PROVISIONAL TIMETABLE

18. Provisional date of invitation to tender

November 2016

19. Provisional commencement date of the contract

February 2017

20. Initial period of implementation of tasks

12 months

SELECTION AND AWARD CRITERIA

21. Selection criteria

The following selection criteria will be applied to candidates. In the case of applications submitted by a consortium, these selection criteria will be applied to the consortium as a whole unless specified otherwise. The selection criteria will not be applied to natural persons and single-member companies when they are sub-contractors.

- 1) **Economic and financial capacity of candidate** (based on item 3 of the application form). In case of candidate being a public body, equivalent information should be provided. The reference period which will be taken into account will be the last three years for which accounts have been closed.

Criteria for legal and natural persons :

- a) the average annual turnover of the candidate must exceed 388,000 Euro; and
- b) Current ratio (current assets/current liabilities) in the last year for which accounts have been closed must be at least 1. In case of a consortium this criterion must be fulfilled by each member.

- 2) **Professional capacity of candidate** (based on items 4 and 5 of the application form). The reference period which will be taken into account will be the last five years from submission deadline.

Criteria for legal and natural persons :

- a) The Candidate has a total of at least 5 (five) permanent staff who currently work for the tenderer in the fields related to this contract.
- b) The Candidate must be specialised to provide services in the following fields:
 - i. Establishing and developing information systems (i.e. data collection, database design processing) in road transport infrastructure;
 - ii. Preparing plans or programmes for transport infrastructure management and maintenance.

- 3) **Technical capacity of candidate** (based on items 5 and 6 of the application form). The reference period which will be taken into account will be the last five years from submission deadline.

Criteria for legal and natural persons :

- a) The candidate has provided services under at least 1 (one) contract with a budget of at least that of this contract in the field of Development of a Road Database which was implemented at any moment during the reference period: past five (5) years

starting from the submission deadline of this application.

This means that the project the candidate refers to could have been started or completed at any time during the indicated period but it does not necessarily have to be started and completed during that period, nor implemented during the entire period. Candidates/tenderers are allowed to refer either to projects completed within the reference period (although started earlier) or to projects not yet completed. In the first case the project will be considered in its whole if proper evidence of performance is provided (statement or certificate from the entity which awarded the contract, proof of final payment). In case of projects still on-going only the portion satisfactorily completed during the reference period although started earlier will be taken into consideration. This portion will have to be supported by documentary evidence (similarly to projects completed) also detailing its value. If a candidate/tenderer has implemented the project in a consortium, the percentage that the candidate/tenderer has successfully completed must be clear from the documentary evidence, together with a description of the nature of the services provided if the selection criteria relating to the pertinence of the experience have been used.

Previous experience which caused breach of contract and termination by a Contracting Authority shall not be used as reference.

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. It must in that case prove to the Contracting Authority that it will have at its disposal the resources necessary for performance of the contract, for example by producing a commitment on the part of those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility - notably that of nationality - and must fulfil the same relevant selection criteria as the economic operator. With regard to technical and professional criteria, an economic operator may only rely on the capacities of other entities where the latter will perform the works or services for which these capacities are required. With regard to economic and financial criteria, the entities upon whose capacity the tenderer relies, become jointly and severally liable for the performance of the contract.

If more than 8 eligible candidates meet the above selection criteria, the relative strengths and weaknesses of the applications of these candidates must be reexamined to identify the eight best candidates. The only factors which will be taken into consideration during this re-examination are:

- 1) The highest number of contracts in criterion 21.3, and
- 2) For the cases with equal standing, the cumulative amount of references (proportion carried out by candidate) satisfying the above criterion 21.3.

22. Award criteria

Best price-quality ratio.

APPLICATION

23. Deadline for receipt of applications

10th October 2016, Podgorica 16:30 h, local time

Any application received by the Contracting Authority after this deadline will not be considered.

24. Application format and details to be provided

Applications must be submitted using the standard application form, the format and instructions of which must be strictly observed. The application form is available from the following Internet address:

<http://ec.europa.eu/europeaid/prag/annexes.do?chapterTitleCode=B>

The application must be accompanied by a declaration of honour on exclusion and selection criteria using the template available from the following Internet address:
