Dear Sir,

Dear Friend,

Allow me to take this opportunity to, once again, officially invite your organization to take active part and be fully involved in monitoring of the Parliamentary elections in Montenegro, scheduled for September 10th, 2006, to make sure the elections are conducted in accordance with the best international practices and rules, as I have already announced during my appearance at the OSCE Permanent Council meeting on July 18th, 2006.

We are looking forward to ODIHR active involvement in the elections process which, we are convinced, would be of utmost help and importance for its democratic and transparent character.

Sincerely yours,
