

MEASURES FOR THE PURPOSES OF SUPPRESSING THE PANDEMICS OF COVID-19 /13.01. -19.01.2022

CATEGORY	MEASURE	DETAILED EXPLANATION
Personal / general measures	Mandatory proper wearing of the face mask indoor. Mandatory proper wearing of the face mask in the open space in the cases where it is not possible to keep a physical distance of at least 2m Mandatory keeping the physical distance outdoor and indoor	Proper wearing of the face mask implies wearing of the face mask so that it covers the nose and the mouth. Physical distance implies keeping the minimum two meters distance between persons who are not members of the same household. Authorised health institution issues a suitable proof for persons who, due to medical reasons, cannot be vaccinated.
	Media	Obligation of the media is to provide wearing of the face mask covering the nose and the mouth of employees participating in broadcasting of the programme, including persons visiting their media shows.
	Mass/social gatherings (festivals and similar) are possible to be held having national digital COVID certificate or one of the following proofs: 1. Completely vaccinated or vaccinated against COVID-19 issued by a registered health institution, and not older than six months since having the last dose 2. Negative PCR test on SARS-Cov-2	Gathering of population in closed and in open public spaces is banned. Organization and celebration of New Year's Eve 2022 outdoor is banned. Ban on organising public performances, political and other happenings outdoor, except with the presence of more than 50 persons, with observance of the prescribed measures. Ban on organising weddings, birthday parties and other celebrations in outdoor public places. Ban on gatherings of citizens in indoor public places (public performances, political and private gatherings, celebrations, parties, weddings, as well as other events), apart from professional, scientific, work and official activities, with the observance of prescribed measures and one of the proofs: 1. Completely vaccinated or vaccinated against COVID-19 issued by a registered health institution, and not older than six months since having the last dose 2. Negative PCR test on SARS-Cov-2 not older than 72 hours 3. Proof that a person has recovered from COVID-10 (passed not less than 10 days and not more than 6 months from a positive PCR or a rapid antigen test). 4. Negative antigen rapid test not older than 48 hours.

CATEGORY	MEASURE	DETAILED EXPLANATION
