DP-DTEA-00-04 - INVITATION FOR THE OFFERS/QUOTATIONS FOR GOODS

Project Title - Name of the investment: Procurement of equipment and machinery needed for the chicken farm

Date of invitation: 13.01.2023.

Number and date of the IPARD Contract 09-908/22-6408/14 12.01.2023

Dear Supplier(s),

1. You are invited to submit your offer/quotation(s) with exact prices and quantities for the supply of the following items:

Microcontroller-computer6pcs

- regulates the operation of the fan from the first day of receipt of chickens to the last day of fattening with automatic memory of the required amount of air per daily increment.
- self regulates the opening and closing of the window in relation to the set temperature, humidity, daily gain (kg) and age of the chickens.
- has probes for measuring humidity and a probe for measuring temperature.
- it has an alarm system for notification in case the temperature rises above or falls below the set point by 4°C.
- has the option to make a call to a mobile phone in case of activation of the alarm system.

- the alarm system is also activated in the event of the loss of one phase, which may cause the ventilation or food or motor for window opening regulation to stop working.
- has a history of all alarms for the entire fattening cycle.
- has the option of entering the number of chickens at the move-in, so that it manages all parameters by itself and automatically until the end of fattening.
- it is also connected to the food silo because it has an output for connecting a scale for weighing the food in the silo and notifications about the state of the amount of food in the silos.
- the computer automatically controls the heating in the farm over the set temperature
- calculates the daily consumption of water and records data on the same, which is an important item in monitoring the health status of chickens.
- has a module for lighting regulation in the farm.

2. Cable520 m

(v) Information on technical specification (minimal technical specification) for each item, which is contracted (horse power, operational width, engine speed, bearing capacity, etc.)
