Oggetto: Possible cooperation

Respected,

First of all, I want to convey greetings from our delegation that visited your company.

We would like to establish cooperation with Beretta, in the field of uniform, probably for a long period.

We are now in process to find the best solution for our Armed Forces, in order to be equipped according to the latest technology.

In accordance with this, it would be great, if you could send parts of uniform and boots, so that our team could see it.

This is good opportunity to see it firsthand, and get "a picture" of the appearance, cut and quality.

Also, technical specification of all parts of uniform will help as a lot.

If you have any questions, be free to contact me.

Best regards
