

NOVA ALATKA ZA TRAŽENJE PARTNERA NA "RESEARCH PARTICIPANT PORTALU"
https://ec.europa.eu/research/participants/portal/desktop/en/organisations/partner_search.html

The screenshot displays the 'partner_search.html' page from the Research Participant Portal. It includes sections for 'Short Facts' (with a '291 Projects' link), 'Programmes' (listing H2020, FP7, and ERASMUS+), 'Roles' (COORDINATOR, THIRD PARTY, BENEFICIARY), 'Main collaboration partners' (a network graph with nodes like CNRS, Fraunhofer, UEDIN, UOXF, CEA, MPG, KU Leuven, Imperial, and CSIC), and a 'Projects' section (listing EXPLORATHON and EXPLORATHON-AD). Red arrows point from the descriptive text to specific parts of the interface: one arrow points to the organization details, another to the project roles, a third to the collaboration network, and a fourth to the project list.
