## Evaluation: Results of Montenegro in H2020

## Mission of the NCP Structure

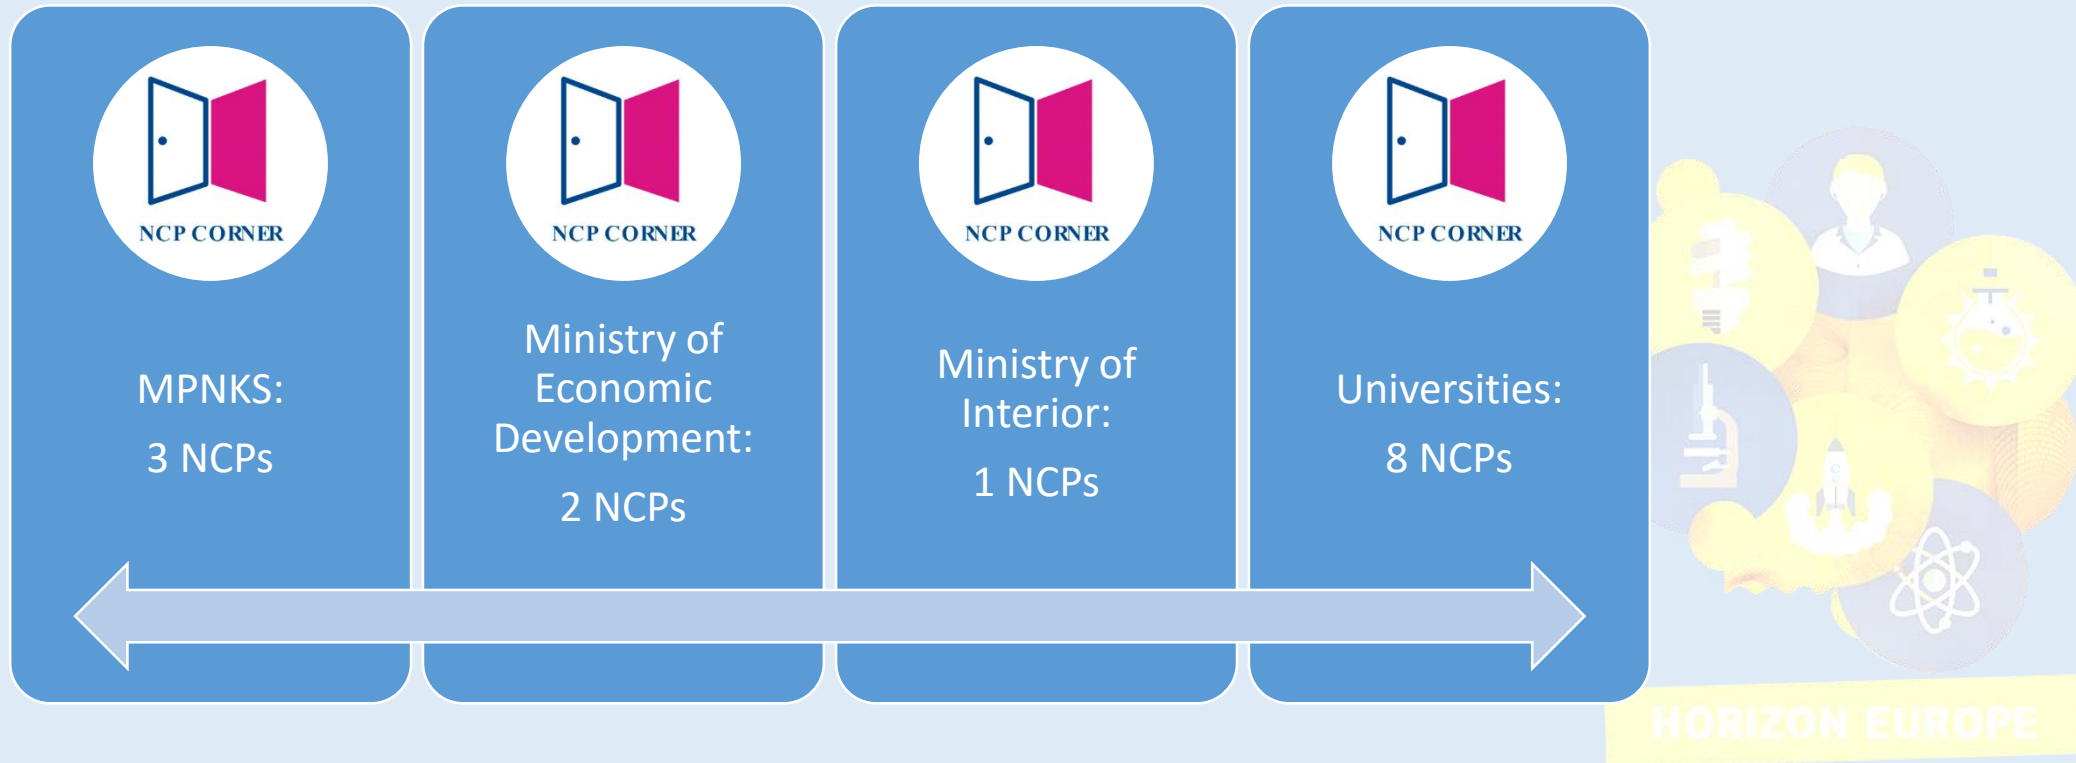

- National Contact Points (NCPs) are support structures that have become an essential component in the implementation of successive Framework Programmes. They provide information and on-the ground advice to potential applicants and beneficiaries, through the project life cycle, in their own language, in a manner that would be impossible for the Commission and its Agencies acting alone.
- As highly professional support services, NCPs operating nationally will form an essential component of Horizon Europe implementation. They will have a key role in delivering the programme's objectives and impacts ensuring that it becomes known and readily accessible to all potential applicants, irrespective of sector or discipline.

*Minimum Standards and Guiding Principles for Setting up NCPs systems under Horizon Europe – European Commission*

## Organisation of the NCP system in Montenegro

- Established in April 2021, as system of contact points in different institutions (14 persons), with Coordinator at the Ministry of Education, Science, Culture and Sports (MPNKS)

## Who are the NCPs in Montenegro?

| No. | NCP function   | Name            | Telephone       | Email  |
|-----|--|-----------------|-----------------|--|

## HE Association Agreement: What does it mean for the scientific and innovation community?

Montenegrin institutions and organizations are enabled to participate equally in all competitions of the Horizon Europe programme, for which the budget of 95.5 billion euros has been allocated for the next seven-year period.

Financial support from the European Union to develop and implement research and innovation cooperation projects and technologies and conduct activities that will contribute to better positioning and competitiveness at the European level.

# Support of the MPNKS so far: Info Days and Trainings

During 2021 -  
Negotiations on the  
Association  
Agreement:  
Montenegrin  
institutions could  
apply even before the  
official signing

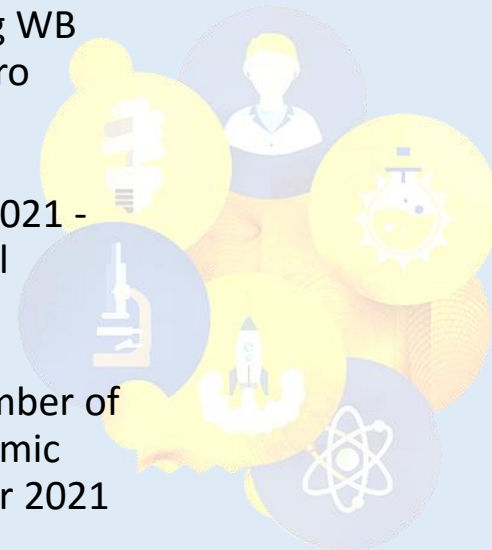

1. Bilateral Meetings with the NCPs

1. Info Day on 8 July 2021 (EC – DG  
RTD, EU Info Centre in Podgorica)

1. Training on 6 and 8 September 2021  
- Importance of the Twinning WB  
Special Call for Montenegro

1. Info Day on 30 November 2021 -  
MSCA Staff Exchange Call

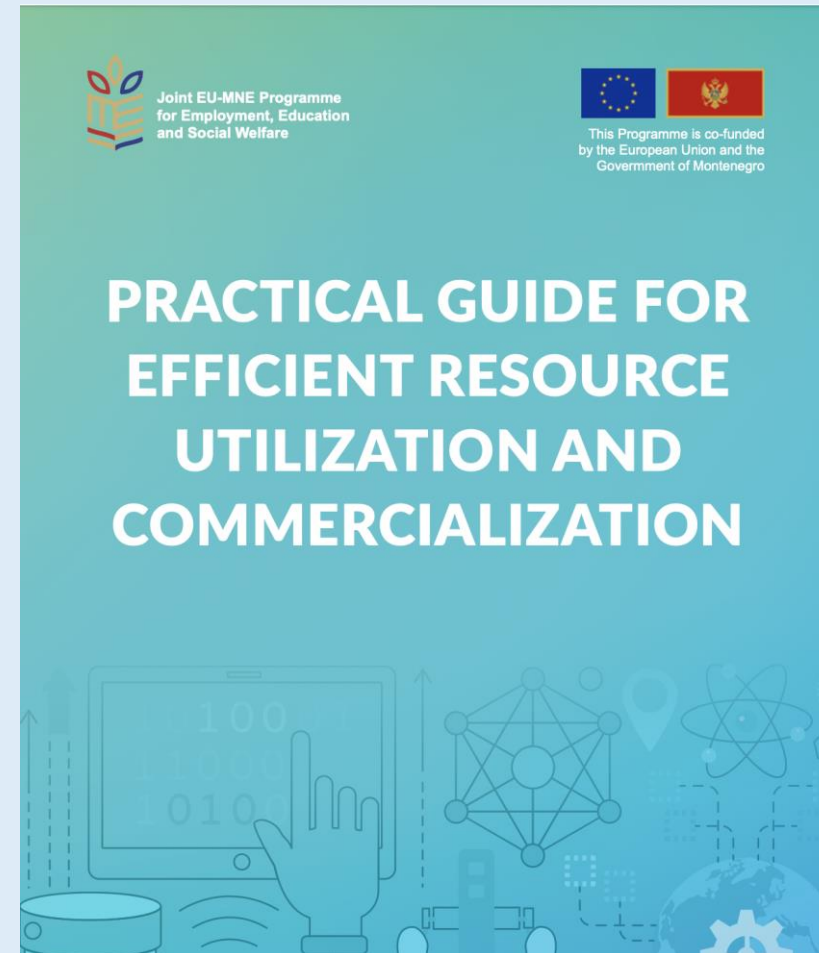

1. HE Matchmaking event (Chamber of  
Economy, Ministry of Economic  
Development) on 14 December 2021

Montenegro  
Ministry of Education,  
Science, Culture and Sports

# Support of the EC: Info Days, Webinars and Brokerage events

The image shows a Zoom webinar interface. At the top, the title is "Webinar: How to prepare a successful proposal in Horizon Europe (Morn...". The main content area features a large, 3D-style graphic of the words "HORIZON EUROPE" in white letters on a green field. To the right of this graphic, it says "#HorizonEU" in an orange box and "THE EU RESEARCH & INNOVATION PROGRAMME 2021 - 2027" in blue text. Below that, it reads "HOW TO PREPARE A SUCCESSFUL PROPOSAL IN HORIZON EUROPE" and "24 March 2021, 10:00-16:15 (CET)". The Zoom logo is visible in the bottom right corner of the video frame. The video player controls at the bottom show a play button, a volume icon, and a progress bar at 0:12 / 2:27:14. There are also icons for chat, settings, and full screen. On the right side of the slide, there is a decorative cluster of circular icons representing various scientific and technological fields like a person, a gear, a rocket, and an atom.

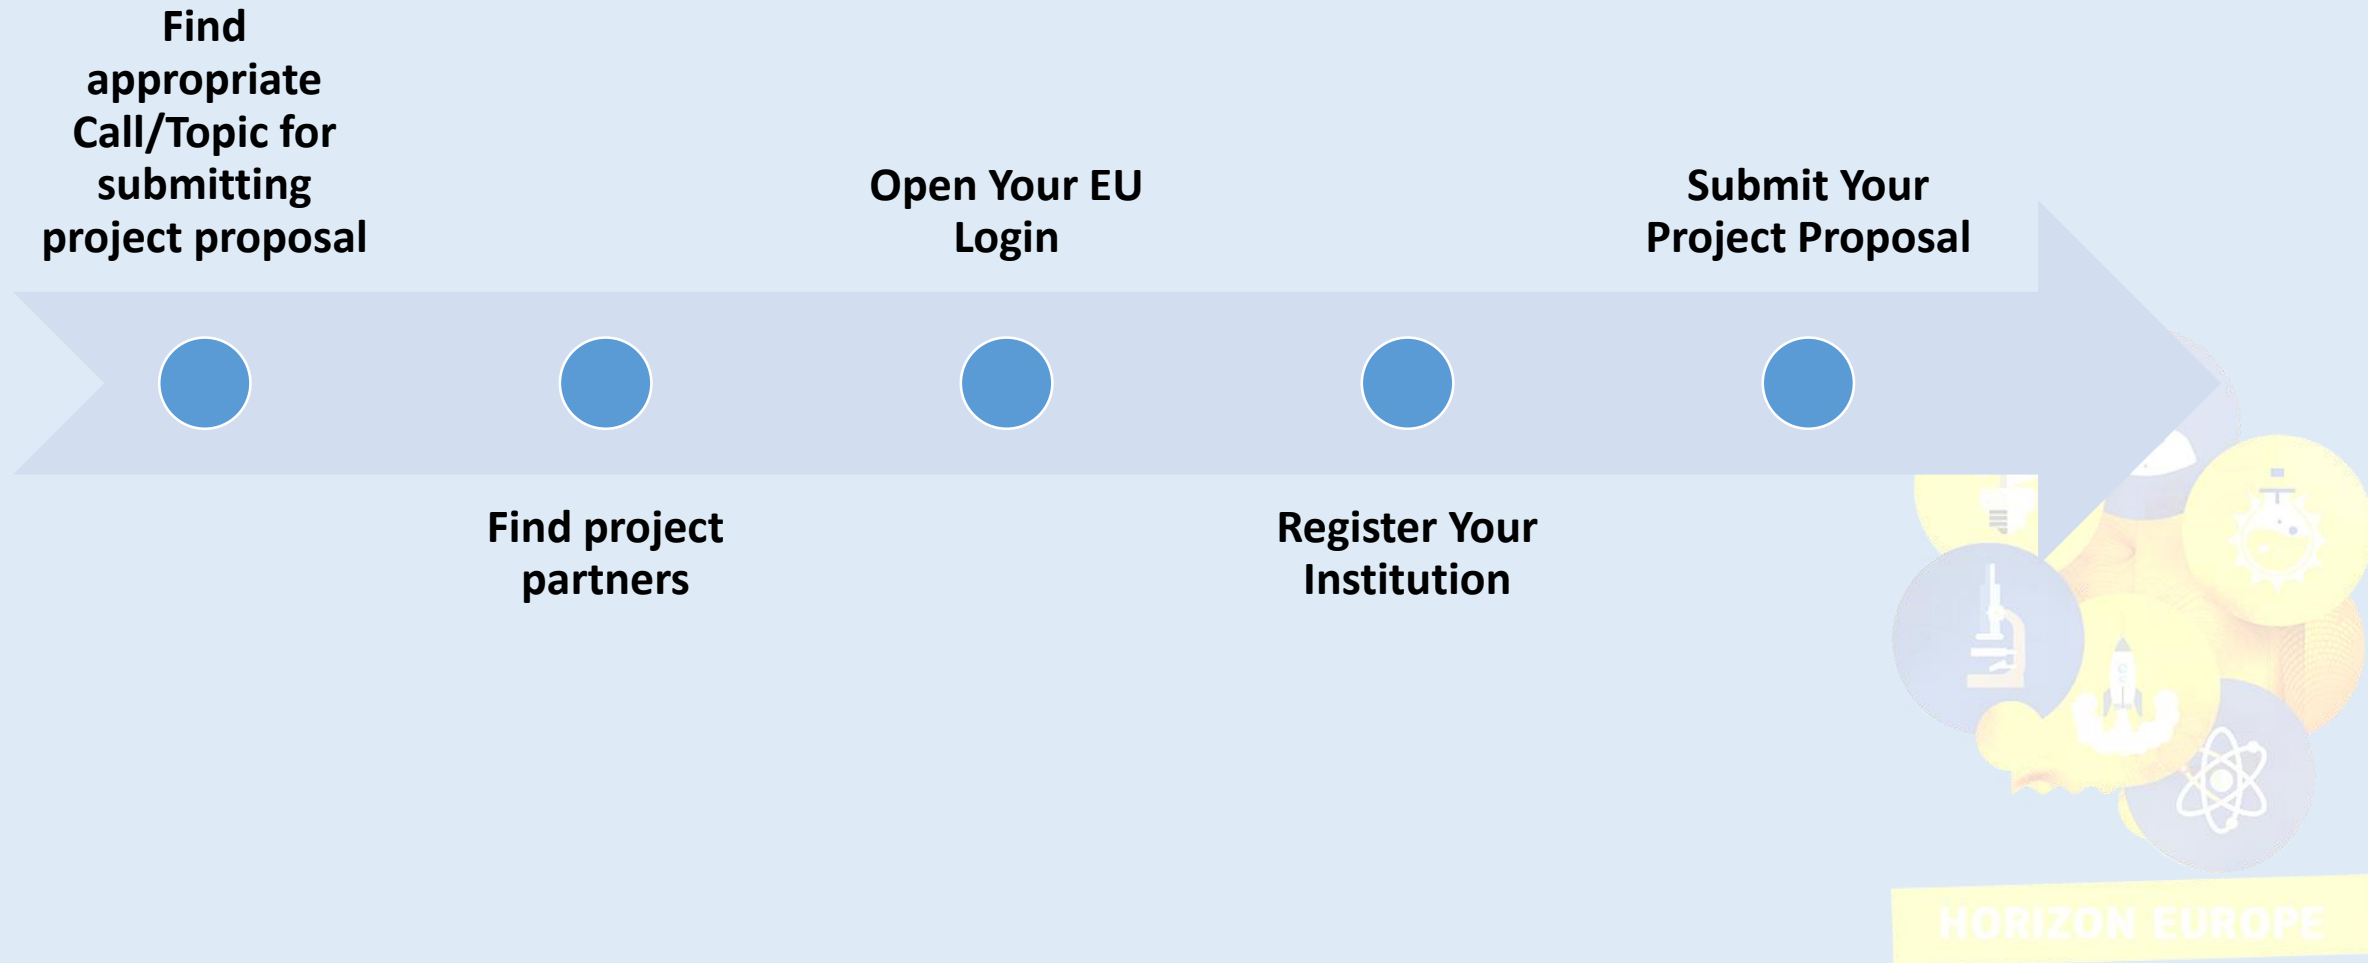

# How to submit the HE project proposal?

- Only electronically via Funding & Tenders portal

# How to submit the HE project proposal?

# HE Calls during 2022

## THREE PILLARS FOR IMPLEMENTATION

### Pillar 1 EXCELLENT SCIENCE

European Research Council

Marie Skłodowska-Curie Actions

Research Infrastructures

### Pillar 2 GLOBAL CHALLENGES & EUROPEAN INDUSTRIAL COMPETITIVENESS

Clusters

- Health
- Culture, Creativity and Inclusive Society
- Civil Security for Society
- Digital, Industry and Space
- Climate, Energy and Mobility
- Food, Bioeconomy, Natural Resources, Agriculture and Environment

Joint Research Centre

### Pillar 3 INNOVATIVE EUROPE

European Innovation Council

European innovation ecosystems

European Institute  
of Innovation and Technology

## WIDENING PARTICIPATION AND STRENGTHENING THE EUROPEAN RESEARCH AREA

Widening participation and spreading excellence

Reforming and Enhancing the European R&I system

# HORIZON EUROPE Pillar 1 Excellent Science

- **Beneficiaries** of Pillar 1 are **individual researchers** (Principal Investigators and researchers at different levels of their career), universities, research centres.
- **Bottom-up approach**, i.e., research in any sector and not limited to pre-defined specific topics.

# HORIZON EUROPE Pillar 1 Excellent Science: Calls in 2022

# HORIZON EUROPE Pillar 2 Global Challenges and European Industrial Competitiveness

- Pillar II provides funding for the **technological development of the idea**, enabling the TRL to move from research toward the market.
- **Top-down approach:** The Pillar is segmented into 6 “clusters” and 5 “missions”. Clusters provide funding through Research and Innovation Actions (RIA), Innovation Actions (IA) and Coordination & Support Actions (CSA).

# HORIZON EUROPE Pillar 2 Global Challenges and European Industrial Competitiveness

## 5 Missions

- Adaptation to **climate change**, including societal transformation – The Mission will support at least 150 European regions and communities to become climate resilient by 2030
- **Cancer** – The Mission on Cancer aims to improve the lives of more than 3 million people through prevention and cure, as well as support individuals and their families affected by cancer to have longer and better lives
- **Healthy oceans, seas, coastal & inland waters** - Restore our ocean and waters by 2030 will support actions that address the water system as a whole, with measurable and quantifiable goals for restoring ecosystems and biodiversity, zero pollution, decarbonisation emissions reductions
- **Climate-neutral & smart cities** - The Climate-Neutral and Smart Cities Mission aims to deliver at least 100 European climate-neutral and smart cities by 2030; ensure that these cities also act as experimentation and innovation hubs to put all European cities in a position to become climate-neutral by 2050
- **Soil health & food** - Create 100 living labs and lighthouses to lead the transition towards healthy soils

# HORIZON EUROPE Widening participation and strengthening the European Research Area

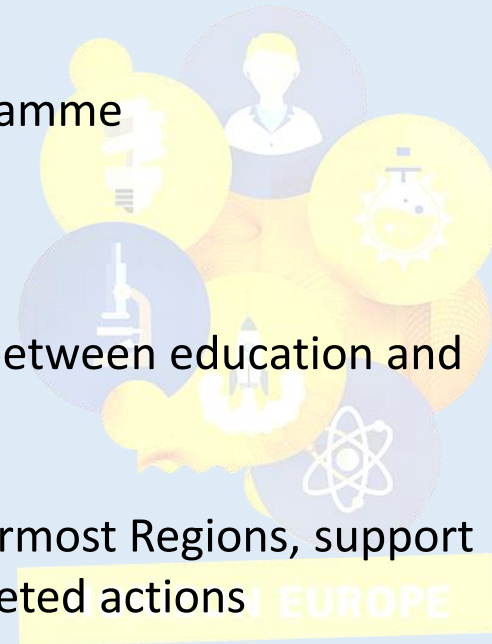

## WIDENING PARTICIPATION AND STRENGTHENING THE EUROPEAN RESEARCH AREA

Widening participation and spreading excellence

Reforming and Enhancing the European R&I system

### Objectives:

- Optimise the impact of Pillar 2 by contributing to the objectives of the entire framework programme
- Amplify geographical diversity
- Build the necessary capacity to allow successful participation in the R&I process
- Promote networking of and access to excellence
- Advance the dissemination and exploitation of research results by reinforcing the interaction between education and research
- Strengthen collaborate links across Europe and open up European R&I networks
- Contribute to improving research management capacities in the Widening Countries and Outermost Regions, support national policy reforms as well as valorise the potential of the Union's talent pool through targeted actions
