

TERMS OF REFERENCE

- A. Job title:** Project Administrative/Finance Assistant
- B. Type of position:** National, full time
- C. Duty Station:** Podgorica, Montenegro
- D. Contract type:** Consultant
- E. Duration of appointment:** 8 months
- F. Deadline for application:** 10 June 2026, 12:00h

I Background

The project "Biodiversity Mainstreaming into Sectoral Policies and Practices and Strengthen Protection of Biodiversity Hot-spots in Montenegro" is geographically focused on the Key Biodiversity Areas (KBAs) of Montenegro and includes various types of interventions and involves both ecosystem protection and work with production sectors, such as tourism, agriculture, and forestry.

Component 1 of the proposed project deals with the management constraints associated with the Protected Areas (PA's) estate and unprotected biodiversity hot-spots. The project provides for the improved management of the pilot PA's in order to ensure compliance with the international requirements for the protection of valuable biodiversity within the KBAs and other international biodiversity hot-spots. Through spatial planning instruments, the project will promote concrete solutions for valuable and threatened biodiversity conservation outside the PA's.

The Component 2 targets the productive landscape outside PA's and in the vicinity of KBA's, where the project will address the sectoral threats to biodiversity via mainstreaming biodiversity-friendly practices and adjust the sectoral development scenarios for tourism, agriculture and forestry to take into account the potential impact on biodiversity.

The project will offer assistance to the Government in developing best practice standards for sustainable tourism and nature-based biodiversity-friendly tourism and support the small-scale tourism business development towards more offerings of biodiversity-sensitive nature-based products.

For the forestry sector the project will offer best-practice standards for mainstreaming biodiversity-friendly forestry practices, will assist the Government with support and services for private forest owners, and help promote biodiversity-positive entrepreneurship in forestry.

For the biodiversity mainstreaming in agriculture, the project will support the Government with the introduction of agro-environmental incentives and piloting of agro-environmental measures.

II Objectives of the assignment:

Under the overall supervision and guidance of the Project Manager, the Administrative/Finance Assistant will be fully responsible for operational implementation of the project according to the project document, GEF corporate rules and NIM implementation agreed standards and procedures.

III Job content
