Na istom sastanku je i usaglašen tekst Nacrta sporazuma između Vlade Crne Gore i Vlade Republike Bugarske o prevozu putnika i tereta u međunarodnom drumskom saobraćaju. Nakon održanog sastanka i parafiranog nacrta sporazuma isti je potrebno potpisati od strane ministara saobraćaja dvije države.

Takođe, bitno je istaći i da smo sa Republikom Bugarskom na poslednjem sastanku mješovite komisije dogovorili liberalizaciju bilateralnog i tranzitnog prevoza tereta tj. ovaj prevoz je izuzet od režima dozvola.

O PREVOZU PUTNIKA I TERETA U MEĐUNARODNOM DRUMSKOM SAOBRAĆAJU**

Vlada Crne Gore i Vlada Republike Bugarske,

Dogovorili su se o sljedećem,

**I OPŠTE ODREDBE**

**Član 1**

**Predmet**

1. Ovaj sporazum se primjenjuje na drumski prevoz putnika i tereta do/iz i tranzita kroz teritorije ugovornih strana, kao i na drumski prevoz za/iz trećih zemalja, koji obavljaju vozilima prevoznici osnovani na teritoriji jedne od strana ugovornica, kako je definisano u članu 2 ovog sporazuma.

2. Ovaj sporazum ne utiče na prava i obaveze koje proističu iz drugih međunarodnih obaveza dviju strana ugovornica.

**Član 2**

**Definicije**

U ovom sporazumu:

1. "**prevoznik**" označava bilo koje fizičko lice ili pravno lice, registrovano na teritoriji jedne od strana ugovornica, koje obavlja prevoz putnika ili tereta uz naknadu ili za sopstvene potrebe, u skladu sa odgovarajućim nacionalnim zakonima kojim se uređuje pristup zanimanju prevoznika i tržištu prevoza;

2. "**vozilo**" je motorno vozilo, prikolica ili poluprikolica ili kombinacija ovih vozila, definisana na sljedeći način;

- "**prikolica**": bilo koje vozilo dizajnirano da se spoji sa motornim vozilom;

- "**poluprikolica**": prikolica bez prednje osovine spojena tako da značajan dio njene težine i težine njenog tereta nosi motorno vozilo;

3. "**registracija**" podrazumijeva administrativno odobrenje za vozilo u drumskom saobraćaju, uključujući poslednju identifikaciju i njegov serijski broj, da bude poznat kao registarski broj;

4. "**prevoz**" podrazumijeva svako javno dostupno putovanje u cijelini ili djelimično na putu, sa teretom ili prazan, i koristi se za prevoz putnika ili tereta;

5. "**kabotaža**" je prevoz na teritoriji jedne strane ugovornice, sa mjestima utovara ili istovara koji se nalaze na toj teritoriji, od strane prevoznika sa sjedištem na teritoriji druge strane ugovornice;

- prevozna aktivnost je samo pomoćna aktivnost preduzeća ili organizacije;
- vozila koja su korišćena su u vlasništvu preduzeća ili organizacije; ona se angažuju ili koriste putem dugoročnog ugovora ili putem lizinga, u skladu sa nacionalnim zakonodavstvom ugovornih strana; njima upravlja vozač koji je dio posade preduzeća ili organizacije;

7. "**teritorija strana ugovornica**" označava teritoriju Crne Gore i teritoriju Republike Bugarske;

Bez obzira ko organizuje prevoz, termin "linijski prevoz putnika" uključuje i uslugu za određenu kategoriju putnika isključujući druge kategorije putnika u slučaju da ova usluga ispunjava gore navedene kriterijume. Ova usluga naziva se "posebnim linijskim prevozom".

12. "**naizmjenični prevoz**" je prevoz putnika sa ponovljenim odlaskom i dolaskom predhodno formirane grupe putnika iz područja odlaska u odredišnu oblast. Mjesto polaska i dolaska označava područje na kojem počinje putovanje i područje na kojem se putovanje završava, zajedno sa okolnim mjestima u krugu od 50 km.

Prva vožnja u povratku i posljednja u odlasku obavlja se praznim vozilom.

Na definiciju naizmjeničnog prevoza ne utiče činjenica da se neki od putnika pridružuju drugoj grupi na povratku, niti činjenica da se prvo putovanje do odredišne tačke i poslednje putovanje do početne tačke obavlja praznim vozilom. Taj tip naizmjениčnog prevoza se naziva "obrnuti naizmjenični prevoz".

Naizmjenični prevoz za koji se obezbeđuje smještaj za najmanje 80 posto putnika u mjestu dolaska i, ako je potrebno, na putovanju, sa ili bez obroka, naziva se "smještaj naizmjenični prevoz".

13. "**povremen prevoz putnika**" je prevoz koji ne spada u definiciju linijskog prevoza putnika, uključujući i posebni linijski prevoz, gdje je glavna karakteristika da se grupa putnika formira na inicijativu korisnika prevoza ili samog prevoznika;

14. "**kontrolni dokument**" je putni list za autobuse, čija je forma dogovorena i potvrđena od strane Mješovite komisije iz člana 15 ovog sporazuma.

Contracting Parties by means of vehicles, as defined in Article 2 of the present Agreement.

2. The present Agreement does not affect the rights and obligations arising from the  
other international commitments of the two Contracting Parties.

###### Article 2

###### Definitions

In this Agreement:

1. "**Transport operator**" means any natural person, any legal person, or any  
association or group of natural or legal persons, registered in the territory of one of the  
Contracting Parties, which transports passengers or goods for which it is paid or for its own  
account, in accordance with the requirements of national legislation regulating the access to  
the occupation of transport operator and to the market.

2. "**Vehicle**" means a motor vehicle, trailer or semi-trailer or a combination of these  
vehicles, defined as follows:

- "motor vehicle": any self-propelled vehicle travelling on the road, other than a vehicle  
permanently running on rails, and normally used for carrying passengers or goods;

- "trailer": any vehicle designed to be coupled to a motor vehicle;

- "semi-trailer": a trailer without a front axle coupled in such a way that a substantial  
part of its weight and of the weight of its load is borne by motor vehicle.

3. "**Registration**" means the administrative authorization for the entry into service in  
road traffic of a vehicle, involving the identification of the latter and the issuing to it of the serial  
number, to be known as the registration number.

4. "**Transport operation**" means any journey made entirely or in part on roads open  
to the public by a vehicle, whether laden or not, used for the carriage of passengers or goods.

5. "**Cabotage**" means the transport operation on the territory of the Contracting Party,  
the host country, with loading and unloading points being located on that territory, of a transport  
operator established on the territory of the other Contracting Party.

6. “**Transport on own account**” means passenger and goods transport intended solely for or stemming from its own economic activity or serving its own employees, or is performed by a non-profit organization that transports its members on accordance with its social purposes; that transport is carried out without payment provided that:

- the transport activity is only an auxiliary activity of the enterprise or the organization;
- the vehicles used are owned by the enterprise or the organization; they are hired or obtained by means of a long-term contract or by means of leasing, according to the national legislation of the respective Contracting Party; they are also operated by a driver who is part of the staff of the enterprise or the organization.

7. “**Territory of a Contracting Party**” means respectively the territory of the territory of Montenegro and the Republic of Bulgaria.

8. “**Country of establishment**” means the territory of a Contracting Party within which the transport operator is established and the vehicle registered.

11. “**Regular passenger service**” means a service which carries passengers over a specified route, according to a timetable and for which set fares are charged. Passengers are picked up or set down at predetermined stopping points and the service is accessible to everyone notwithstanding, in some cases, the need to book.

No matter who is organizing the service, the term “regular passenger service” includes also a service which carries specified categories of passengers to the exclusion of other categories of passengers in case that this service meets the above criteria. This service is called “special regular service”.

12. “**Shuttle service**” means a service whereby, by means of repeated outward and return journeys, previously formed groups of passengers are carried from an area of departure to an area of destination. Each group, consisting of the passengers who made the outward journey, is carried back to the area of departure on one of the next later journeys. Area of departure and destination respectively means the area where the journey begins and the area where the journey ends, together with the surrounding locality within a 50 km radius.

The first return journey and the last outward journey in a series of shuttles are made unladen.

The definition of a shuttle service is not influenced by the fact some of the passengers join another group on their return journey, nor by the fact that the first journey to the destination point and the last journey to the starting point are made unladen. That type of shuttle service is called “reverse shuttle”.

A shuttle service which provides accommodation for at least 80 per cent of passengers at destination and, if need be, on the journey, with or without meals, is called a “shuttle of accommodation”.

13. “**Occasional service**” means services which do not fall within the definition of regular services, including special regular services, and the main characteristic of which is the carriage of groups of passengers constituted on the initiative of the customer or the carrier himself.
