Recommendations

CATEGORY	RECOMMENDATION	DETAILED EXPLANATION
Companies and entrepreneurs	Remote work	<p>State authorities, state administration authorities, local self-government authorities and local administration, companies, public institutions and other legal entities, entrepreneurs and natural persons carrying out certain activities, to be enabled to do their work from home, then provide the sliding working hours or otherwise reduce the communication of employees. This measure refers to the job positions where the work process allows that. Likewise, job positions in which activities can be carried out from home should be defined. Then identify persons who, due to their health status or other circumstances should not be exposed to the risk of the disease and allow them to do their jobs like that. Find the best means of communication between the employees doing their jobs from home and persons in their job positions, as well as the means of holding the meetings for the purposes of executing jobs within the framework of their competences and activities (by telephone, online, etc.)</p>
Education and culture	Work of educational institutions	<p>Recommendation to the Government of Montenegro is that a school lesson is limited to half an hour</p>
Special recommendations	Recommendations related to the vaccination against COVID-19 infection	<p>It is strongly recommended that employees in the field of education, health and social protection, public administration, police and military get vaccinated against COVID – 19 infection.</p>

		Strong recommendation for vaccination of persons suffering from chronic diseases, elderly people and immunocompromised persons with the third dose of the vaccine against COVID.
	Recommendation for all households	Stop of gatherings in households for persons who are not members of the same family, except for persons taking care of persons due to an illness, a condition or as a consequence of an injury are not capable to perform everyday life activities by themselves, which can be proved by a certificate issued by a general practitioner of these persons and a certificate from an appropriate registry of citizens which proves mutual kinship or a contract on care or support which proves the mutual legal relationship of these persons, as well as persons in case of emergency works in the residential building (electricity, water, etc.).
	Recommendations to owners of tourist companies, at airports and stops, in preschool institutions	Strong recommendation to the owners of tourist companies (hospitality/hotels) is protective masks wearing by all employees, in order to prevent COVID-19 and keep sustainability of work in the summer tourist season. It is strongly recommended to wear masks at airports, train stations and bus stops, as well as in places where there is a noticeable larger grouping of people, and the recommendation applies especially to patients with chronic deceases, the elderly and immunocompromised people. It is strongly recommended for the staff of preschool institutions to wear masks.

NOTE: Text highlighted in yellow indicates the change compared to the previous measures.
